

Nationals proposal: April 1, 2021

Hawaii State Team Selection Process

*The past Cinch Team selection process of order of events will be used for event selection. JR - bbsr, sbsr, br, td, cd, bgt, bbk, ggt, gbk, ba, pb.... HS - bc, bb, sb, rch, br, sw, td, qc, rch, gc, bk, gt, pb, ba.... ending with Ribbon Roping and Team Roping.

1. Each district will select the top 4 from each event. If there is an empty slot in another district and all your first place contestants have filled the spot then 2nd place names from each district goes into the pot for a draw to fill an empty districts slot (example Oahu). Smaller districts (Oahu/Kauai) slots if not filled can be filled by the larger districts (Maui/Hawaii).
2. Events qualifying for, are capped at 2 events per contestant.
3. After District points are audited by the State Points Auditor and State Secretary, the Top 4 will be selected. Points to be used after completion of the last rodeo to determine Top 4.
4. A Zoom meeting will be held for all committed contestants (the past cinch team selection order of events will be used). Both parents and members must be present in order to accept or decline the position on the team. A National Team meeting will be held shortly after to complete paperwork, notarized forms and submit all fees.
5. Once selected, the contestant must submit a \$150 non refundable deposit to their respective districts the same day as the accepting of the spot.
6. After the process is complete, IF there are open slots at the end of the process, those slots can be split between larger districts within that district's Top 4. If the Top 4 from each district in each event

decline, then open it up to those interested individuals (such as those 5th, 6th, 7th and 8th place by lottery draw). In the event that an open slot remains then it will be a random draw of members' names from interested districts.

7. If each event is not filled, then the State Board may choose to open to the general membership present at the meeting as long as minimum rodeo requirements are satisfied for that event.

SHOOTING EVENTS in BOTH DIVISIONS

1. Shooting event will qualify as 1 of 2 capped events for the National team.
2. We will follow the above process for Shooting Team selection as followed for Rodeo Team selection (Shotgun, .22 rifle for HS and JR).
3. The members that indicated their commitment on the survey completed at district rodeo 12 voting, will be qualified for the draw at the Zoom meeting selection process.
